The Bonds have been issued in Rand, the lawful currency of South Africa.

Capitalised terms used below are defined in the section of the Listing Document headed “*Terms and Conditions of the Bonds*”.

Each Bond which has not previously been redeemed or purchased and cancelled will, at the option of its holder and subject as provided herein, be convertible from the earlier of the date on which satisfaction of the Conversion Condition is notified to the Bondholders and 7 December 2017 (provided that the Conversion Period shall not commence before the date falling 41 days after 6 June 2017), up to the earlier of (i) the close of business on the 10th day preceding the Maturity Date or, (ii) if the Bonds have been called for redemption prior to 7 June, the 10th day preceding the relevant redemption date into Ordinary Shares in the capital of the Issuer (the “**Ordinary Shares**”). The number of Ordinary Shares to be issued or transferred and delivered on such conversion shall be determined by dividing the Principal Amount of each Bond by the Conversion Price in effect on the relevant Conversion Date (each as defined herein).

The Base Conversion Price is ZAR50, 0092 per Ordinary Share, subject to adjustment in certain events as described in Condition 9.2.

In accordance with Condition 9.14, Conversion Rights will be cash settled unless and until the Shareholders of the Issuer, excluding related parties, approve, by special resolution, the issuance of such number of Ordinary Shares as may be required to be issued from time to time to satisfy the exercise of Conversion Rights pursuant to the *Terms and Conditions of the Bonds*.

Unless previously redeemed, converted or purchased by the Issuer and cancelled, the Bonds will mature on Tuesday, 7 June 2022.

For as long as the Bonds are in issue, interest on the Bonds is payable semi-annually in arrears on 7 June and 7 December of each calendar year, subject to adjustment in terms of the business day convention as provided in the Terms and Conditions (each such day an “**Interest Payment Date**”), commencing with the Interest Payment Date falling on 7 December 2017. Interest on the Bonds will be calculated on the basis of a fixed rate determined in accordance with Condition 8 of the Bonds.

Payments (whether in respect of principal, interest or otherwise) in respect of the Bonds will be made without withholding or deduction for taxes unless such withholding or deduction is required by law, in which event the Issuer will be required to pay additional amounts in relation thereto, subject to customary exceptions, as described in Condition 12.2.

The Bonds will be listed on the Johannesburg Stock Exchange (“**JSE**”) - Main Board under stock code number IMCB22. The application to list the Bonds was granted by the JSE on 27 July 2017 and the Bonds may be traded by or through members of the JSE in accordance with the rules and operating procedures for the time being of the JSE from 31 July 2017. The clearing and settlement of trades on the JSE shall take place in accordance with the electronic clearing and settlement procedures of the JSE and Strate Limited.

Subscription of the Bonds was conducted through a bookbuild process. The Bonds are fully paid and freely transferrable in accordance with the Terms and Conditions.

The Issuer is not rated and the Bonds will not be rated.

The Issuer will comply with the timelines contemplated in the JSE Debt Listings Requirements (including the timelines contemplated in Schedule 18).

The Issuer confirms that, notwithstanding that Sections 2 and 3 (Issue and Form and Denomination) of the Terms and Conditions refer to the Bonds still to be issued, these Bonds were issued by the Issuer on Tuesday, 6 June 2017 in accordance with the Terms and Conditions and the agreements set out in the section of this Listing Document headed “***Documents Incorporated by Reference***”.

Particular attention is drawn to the section headed “Risk Factors”.

The Bonds and the Ordinary Shares to be issued upon conversion of the Bonds have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (“**Regulation S**”)). The Bonds will be offered and sold only in offshore transactions outside the United States in accordance with Regulation S and, subject to certain exceptions, may not be offered, sold or delivered within the United States or to, or for the account or benefit of U.S. persons.

RISK FACTORS

Capitalised terms used in this section headed “Risk Factors” shall bear the meanings as used in the Terms and Conditions of the Bonds, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

The Issuer believes that the factors outlined below may affect its ability to fulfil its obligations under the Bonds. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Bonds are also described below. The value of the Bonds could decline due to any of these risks, and investors may lose some or all of their investment.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Bonds may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it, or which it may not currently be able to anticipate. Accordingly, the Issuer does not represent that the statements below regarding the risks of holding any Bonds are exhaustive.

Prospective investors should also read the detailed information set out elsewhere in this Listing Document as well as all documents incorporated by reference, including in particular the annual financial statements of the Issuer, to reach their own views prior to making any investment decision.

References below to a numbered “Condition” shall be to the relevant Condition under the Terms and Conditions.

Risks Relating to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in any of the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Listing Document or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such an investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including Bonds with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor’s currency;

- understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

There is no active trading market for the Bonds

Bonds issued under the Listing Document will be new securities which may not be widely distributed and for which there is currently no active trading market. If the Bonds are traded after their initial issuance, they may trade at a discount to their initial offering price, depending on prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer.

The Bonds may be redeemed prior to maturity

In the event that the Issuer is obliged to increase the amounts payable in respect of any Bonds due to any withholding or deduction for or on account of any taxes, the Issuer may redeem all outstanding affected Bonds in accordance with the Terms and Conditions.

In addition, where the Terms and Conditions provide that the Bonds are redeemable at the Issuer's option in certain other circumstances, the Issuer may choose to redeem the Bonds at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Bonds.

Because Bonds listed on the JSE may be held by the Central Securities Depository, investors will have to rely on its procedures for transfer, payment and communication with the Issuer

While the Bonds are held in the Central Securities Depository, investors will be able to trade their Beneficial Interests in such Bonds only through the Central Securities Depository.

During this period, the Issuer will discharge its payment obligations under such Bonds by making payments to or to the order of the Central Securities Depository's Nominee (as the registered holder of such Bonds), for distribution to the holders of Beneficial Interests in such Bonds. A holder of a Beneficial Interest in Bonds must rely on the procedures of the Central Securities Depository and Participants to receive payments under such Bonds. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, Beneficial Interests.

Holders of Beneficial Interests in such Bonds will not have a direct right to vote in respect of such Bonds.

Risks related to Bonds generally

Modification and waivers

The Terms and Conditions contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Change of law

No assurance can be given as to the impact of any possible judicial decision or change to South African law or other Applicable Law or administrative practice after the Issue Date.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Bonds are legal investments for it, (2) Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Bonds under any applicable risk-based capital or similar rules.

Risks relating to the Issuer's Business

Risks affecting the business of the Issuer are discussed in the section of this Listing Document headed "*Description of the Issuer*".

- (c) The Conversion Price as at the Issue Date is the Base Conversion Price. The Conversion Price is subject to adjustment in the circumstances described in Condition 9.2.
- (d) A Bondholder may exercise the Conversion Right in respect of a Bond that has not already been redeemed or repurchased and cancelled by delivering the Certificate, if any, in respect of such Bond and a duly completed Conversion Notice to the Specified Office of the Conversion Agent in accordance with Condition 9.8 whereupon the Issuer shall (subject as provided in these Terms and Conditions) procure the delivery, to or as directed by the relevant Bondholder, of Ordinary Shares credited as paid up in full as provided in this Condition 9.

- (h) Save where a notice of redemption is given by the Issuer in the circumstances provided in Condition 9.10, Conversion Rights may not be exercised by a Bondholder in circumstances where the relevant Conversion Date would fall during the period commencing on the Last Day to Trade in respect of any payment of interest on the Bonds and ending on the relevant Interest Payment Date (both days inclusive).

Any fractions of Ordinary Shares will be rounded down to the nearest whole number of Ordinary Shares. However, if the Conversion Rights in respect of more than one Bond are exercised at any one time such that the Ordinary Shares to be delivered on conversion or pursuant to Condition 9.3 are to be registered in the same name, the number of such Ordinary Shares to be delivered in respect thereof shall be calculated by the Calculation Agent on the basis of the aggregate Principal Amount of such Bonds being so converted and rounded down to the nearest whole number of Ordinary Shares.
- (l) The Issuer will procure that Ordinary Shares that are required to be issued or transferred and delivered on conversion will be issued or transferred and delivered to the holder of the Bonds completing the relevant Conversion Notice or his nominee.

9.2 Adjustment of Conversion Price

- (a) Upon the happening of any of the events described below, the Conversion Price shall be adjusted by the Calculation Agent as follows:
 - (i) If and whenever there shall be a consolidation, reclassification or subdivision in relation to the Ordinary Shares, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such consolidation, reclassification or subdivision by the following fraction:

$$\frac{A}{B}$$

where:

A is the aggregate number of Ordinary Shares in issue immediately before such consolidation, reclassification or subdivision, as the case may be; and

B is the aggregate number of Ordinary Shares in issue immediately after, and as a result of, such consolidation, reclassification or subdivision, as the case may be.

Such adjustment shall become effective on the date the consolidation, reclassification or subdivision, as the case may be, takes effect.

- (ii) If and whenever the Issuer shall issue any Ordinary Shares credited as fully paid to the Shareholders by way of capitalisation of profits or reserves (including any, share premium account or capital redemption reserve) other than where any such issue of Ordinary Shares constitutes a Dividend pursuant to paragraph (a) of the definition thereof, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such issue by the following fraction:

$$\frac{A}{B}$$

where:

A is the aggregate number of Ordinary Shares in issue immediately before such issue; and

B is the aggregate number of Ordinary Shares in issue immediately after such issue.

Such adjustment shall become effective on the date of issue of such Ordinary Shares.

- (iii) If and whenever the Issuer shall pay or make any Dividend to the Shareholders, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the Ex-Date by the following fraction:

$$\frac{A - B}{A}$$

where:

A is the Current Market Price of one Ordinary Share on the Dealing Day immediately preceding the Effective Date; and

B is the portion of the Fair Market Value of the aggregate Dividend attributable to one Ordinary Share, with such portion being determined by dividing the Fair Market Value of the aggregate Dividend by the number of Ordinary Shares entitled to receive the relevant Dividend (or, in the case of a purchase, redemption or buy back of Ordinary Shares or any depositary or other receipts or certificates representing Ordinary Shares by or on behalf of the Issuer or any Subsidiary of the Issuer, by the number of Ordinary Shares in issue immediately following such purchase, redemption or buy back).

Such adjustment shall become effective on the date (the "Effective Date") which is the Ex-Date or, if later, the first date upon which the Fair Market Value of the relevant Dividend is capable of being determined as provided herein.

"Ex-Date" means in respect of this Condition 9.2 (a)(iii), the first date on which the Ordinary Shares are traded ex- the relevant Dividend on the Relevant Stock Exchange or, in the case of a purchase, redemption or buy back of Ordinary Shares or any depositary or other receipts or certificates representing Ordinary Shares, the date on which such purchase, redemption or buy back is made or in the case of a Spin-Off, the first date on which the Ordinary Shares are traded ex- the relevant Spin-Off on the Relevant Stock Exchange.

For the purposes of the above, Fair Market Value shall (subject as provided in paragraph (a) of the definition of "Dividend" and in the definition of "Fair Market Value") be determined as at the Ex-Date relating to the relevant Dividend.

(iv) If and whenever the Issuer shall issue Ordinary Shares to Shareholders as a class by way of rights or issue or grant to Shareholders as a class by way of rights, options, warrants or other rights to subscribe for or purchase any Ordinary Shares, in each case at a price per Ordinary Share which is less than 95% of the Current Market Price per Ordinary Share on the Effective Date, the Conversion Price shall be adjusted by multiplying the Conversion Price in force on the Dealing Day immediately prior to the Effective Date by the following fraction:

$$\frac{A + B}{A + C}$$

where:

A is the number of Ordinary Shares in issue on the Dealing Day immediately preceding the Effective Date; and

B is the number of Ordinary Shares, which is the aggregate

consideration (if any) receivable for the Ordinary Shares issued by way of rights, or for the options or warrants or other rights issued by way of rights and for the total number of Ordinary Shares deliverable on the exercise thereof, would purchase at such Current Market Price per Ordinary Share; and

C is the number of Ordinary Shares to be issued or, as the case may be, the maximum number of Ordinary Shares to be issued which may be issued upon exercise of such options, warrants or rights calculated as at the date of issue of such options, warrants or rights.

Such adjustment shall become effective on the Effective Date. For the purpose of this Condition 9.2(a)(iv), "Effective Date" means the first date on which the Ordinary Shares are traded ex-rights, ex-options, or ex-warrants on the Relevant Stock Exchange.

(v) If and whenever the Issuer shall issue any Securities (other than Ordinary Shares or options, warrants or other rights to subscribe for or purchase any Ordinary Shares) to Shareholders as a class by way of rights or grant to Shareholders as a class by way of rights any options, warrants or other right to subscribe for or purchase any Securities (other than Ordinary Shares or options, warrants or other rights to subscribe for or purchase Ordinary Shares), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the Effective Date by the following fraction:

$$\frac{A - B}{A}$$

where:

A is the Current Market Price of one Ordinary Share immediately preceding the Effective Date; and

B is the Fair Market Value on the Effective Date of the portion of the rights attributable to one Ordinary Share.

Such adjustment shall become effective on the Effective Date.

For the purposes of this Condition 9.2(a)(v) "Effective Date" means the first date on which the Ordinary Shares are traded ex-the relevant securities or ex-rights, ex-option or ex-warrants on the Relevant Stock Exchange.

(vi) If and whenever the Issuer shall issue (otherwise than as mentioned in Condition 9.2(a)(iv) above) wholly for cash or for no consideration any Ordinary Shares (other than Ordinary Shares issued on conversion of the Bonds or on the exercise of any rights of conversion into, or exchange or subscription for or purchase of Ordinary Shares) or issue or grant (otherwise than as mentioned in Condition 9.2(a)(iv) above) wholly for cash or for no consideration any options, warrants or other right to subscribe for or purchase any Ordinary Shares (other than the Bonds) in each case at a price per

Ordinary Share which is less than 95% of the Current Market Price per Ordinary Share on the date of the first public announcement of the terms of such issue or grant, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such issue or grant by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A is the number of Ordinary Shares in issue immediately before the issue of such Ordinary Shares or the grant of such options, warrants or rights; and
- B is the number of Ordinary Shares, which is the aggregate consideration (if any) receivable for the issue of such Ordinary Shares or, as the case may be, for the Ordinary Shares to be issued or otherwise made available upon the exercise of any such options, warrants or rights, would purchase at such Current Market Price per Ordinary Share; and
- C is the number of Ordinary Shares to be issued pursuant to such issue of such Ordinary Shares or, as the case may be, the maximum number of Ordinary Shares which may be issued upon exercise of such options, warrants or rights calculated as at the date of issue of such options, warrants or rights.

Such adjustment shall become effective on the date of issue of such Ordinary Shares or, as the case may be, the grant of such options, warrants or rights.

- (vii) If and whenever the Issuer or any Subsidiary of the Issuer or (at the direction or request of or pursuant to any arrangements with the Issuer or any Subsidiary of the Issuer) any other company, person or entity (otherwise than as mentioned in Conditions 9.2(a)(iv), 9.2(a)(v) or 9.2(a)(vi) above) shall issue wholly for cash or for no consideration any Securities (other than the Bonds), which by their terms of issue carry (directly or indirectly) rights of conversion into or exchange or subscription for, Ordinary Shares (or shall grant any such rights in respect of existing Securities so issued) or Securities which by their terms might be redesignated as Ordinary Shares, and the consideration per Ordinary Share receivable upon conversion, exchange, subscription or redesignation is less than 95% of the Current Market Price per Ordinary Share on the date of the first public announcement of the terms of issue of such Securities (or the terms of such grant), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such issue (or grants) by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A** is the number of Ordinary Shares in issue immediately before such issue or grant (but where the relevant Securities carry rights of conversion into or rights of exchange or subscription for Ordinary Shares which have been issued, purchased or acquired by the Issuer or any Subsidiary of the Issuer (or at the direction or request or pursuant to any arrangement with the Issuer or any Subsidiary of the Issuer) for the purposes of or in connection with such issue, less the number of such Ordinary Shares so issued, purchased or acquired); and
- B** is the number of Ordinary Shares, which is the aggregate consideration (if any) receivable for the Ordinary Shares to be issued or otherwise made available upon conversion or exchange or upon the exercise of the right of subscription attached to such Securities or, as the case may be, for the Ordinary Shares to be issued or to arise from any such redesignation would purchase at such Current Market Price per Ordinary Share; and
- C** is the maximum number of Ordinary Shares to be issued or otherwise made available upon conversion or exchange of such Securities or upon the exercise of such right of subscription attached thereto at the initial conversion, exchange or subscription price or rate or, as the case may be, the maximum number of Ordinary Shares which may be issued or arise from any such redesignation,

provided that if at the time of issue of the relevant Securities or date of grant of such rights (as used in this Condition 9.2(a)(vii) the "Specified Date") such number of Ordinary Shares is to be determined by reference to the application of a formula or other variable feature or the occurrence of any event at some subsequent time (which may be when such Securities are converted or exchanged or rights of subscription are exercised or, as the case may be, such Securities are redesignated or at such other time as may be provided) then, for the purposes of this Condition 9.2(a)(vii), "C" shall be determined by the application of such formula or variable feature or as if the relevant event occurs or had occurred as at the Specified Date and if such conversion, exchange, subscription, purchase or acquisition or, as the case may be, redesignation had taken place on the Specified Date.

Such adjustment shall become effective on the date of issue of such Securities or, as the case may be, the grant of such rights.

(viii) If and whenever there shall be any modification of the rights of conversion, exchange, subscription, purchase or acquisition attaching to any such Securities (other than the Bonds) as are mentioned in Condition 9.2(a)(vii) above (other than in accordance with the terms (including terms as to adjustment) applicable to such Securities upon issue) so that following such modification the consideration per Ordinary Share receivable has been reduced and is less than 95% of the Current Market Price per Ordinary Share on the date of the first public announcement of the terms of such modification, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such modification by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A is the number of Ordinary Shares in issue immediately before such modification (but where the relevant Securities carry rights of conversion into or rights of exchange or subscription for Ordinary Shares which have been issued, purchased or acquired by the Issuer or any Subsidiary of the Issuer (or at the direction or request or pursuant to any arrangements with the Issuer or any Subsidiary of the Issuer) for the purposes of or in connection with such issue, less the number of such Ordinary Shares so issued, purchased or acquired);
- B is the number of Ordinary Shares which the aggregate consideration (if any) receivable for the Ordinary Shares to be issued or otherwise made available upon conversion or exchange or upon exercise of the right of subscription attached to the Securities so modified would purchase at such Current Market Price per Ordinary Share or, if lower, the existing conversion, exchange or subscription price of such Securities; and
- C is the maximum number of Ordinary Shares which may be issued or otherwise made available upon conversion or exchange of such Securities or upon the exercise of such rights of subscription attached thereto at the modified conversion, exchange or subscription price or rate but giving credit in such manner as an Independent Financial Adviser shall consider appropriate for any previous adjustment under this sub-paragraph or sub-paragraph (b)(vii) above;

provided that if at the time of such modification (as used in this Condition 9.2(a)(viii) the "Specified Date") such number of Ordinary Shares is to be determined by reference to the application of a formula or other variable feature or the occurrence of any event at some subsequent time (which may

be when such Securities are converted or exchanged or rights of subscription are exercised or at such other time as may be provided) then for the purposes of this Condition 9.2(a)(viii), "C" shall be determined by the application of such formula or variable feature or as if the relevant event occurs or had occurred as at the Specified Date and as if such conversion, exchange or subscription had taken place on the Specified Date.

Such adjustment shall become effective on the date of modification of the rights of conversion, exchange or subscription attaching to such Securities.

- (ix) If and whenever the Issuer or any Subsidiary of the Issuer or (at the direction or request of or pursuant to any arrangements with the Issuer or any Subsidiary of the Issuer) any other company, person or entity shall offer any Securities in connection with which Shareholders as a class are entitled to participate in arrangements whereby such Securities may be acquired by them (except where the Conversion Price falls to be adjusted under Conditions 9.2(a)(ii), 9.2(a)(iii), 9.2(a)(iv), 9.2(a)(vi) or 9.2(a)(vii) above or 9.2(a)(x) below (or would fall to be so adjusted if the relevant issue or grant was at less than 95% of the Current Market Price per Ordinary Share on the relevant day) or under Condition 9.2(a)(v) above) the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the making of such offer by the following fraction:

$$\frac{A-B}{A}$$

where:

- A Is the Current Market Price of one Ordinary Share on the Dealing Day immediately preceding the date on which the terms of such offer are first publicly announced (or, if such date is not a Dealing Day, the immediately preceding Dealing Day); and
- B is the Fair Market Value on the date of such announcement (or, if that is not a Dealing Day, the immediately preceding Dealing Day) of the portion of the relevant offer attributable to one Ordinary Share.

Such adjustment shall become effective on the first date on which the Ordinary Shares are traded ex-rights on the Relevant Stock Exchange.

- (x) If any of the events referred to in (A), (B) or (C) below occur (each such event being a "Change of Control"):
- (A) an offer is made to all (or as nearly as may be practicable all) Shareholders (or all (or as nearly as may be practicable all) such Shareholders other than the offeror and/or any parties acting in concert (as defined in Section 117 of the Companies Act) with the offeror), to acquire all or a majority of the issued ordinary share capital of the Issuer or if any person proposes a scheme with regard to such

acquisition (other than an Exempt Newco Scheme) and (such offer or scheme having become or been declared unconditional in all respects) the right to cast more than 50 per cent of the votes which may ordinarily be cast on a poll at a general meeting of the Issuer has or will become unconditionally vested in the offeror and/or any such parties as aforesaid; or

- (B) any person and/or parties acting in concert (defined as aforesaid) shall own, acquire or control (or have the right to own, acquire or control) more than 50 per cent of the issued ordinary share capital of the Issuer or the right to cast more than 50 per cent of the votes which may ordinarily be cast on a poll at a general meeting of the Issuer; or
- (C) an event that occurs which has a like or similar effect to (A) or (B) above,

then upon any exercise of Conversion Rights during the Change of Control Period, the Conversion Price (the "Change of Control Conversion Price") applicable solely in respect of such exercise of Conversion Rights shall be determined as set out below:

$$\text{COCCP} = \text{OCP} / (1 + (\text{CP} \times \text{c}/\text{t}))$$

where:

- COCCP = means the Change of Control Conversion Price;
- OCP = means the Conversion Price in effect on the relevant Conversion Date;
- CP = means 32.5 per cent (expressed as fraction);
- c = means the number of days from and including the date the Change of Control occurs to but excluding the Final Redemption Date; and
- t = means the number of days from and including the Issue Date to but excluding the Final Redemption Date.

- (xi) If the Issuer determines that an adjustment should be made to the Conversion Price as a result of one or more circumstances not referred to above in this Condition 9.2) (even if the relevant circumstance is specifically excluded from the operation of Conditions 9.2(a)(i) to (x) above), the Issuer shall, at its own expense and acting reasonably, request an Independent Financial Adviser to determine as soon as practicable what adjustment (if any) to the Conversion Price is fair and reasonable to take account thereof and the date on which such adjustment (if any) should take effect and upon such determination such adjustment (if any) shall be made and shall take effect in accordance with such determination, provided that an adjustment shall only be made pursuant to this Condition 9.2(a)(xi) if such Independent Financial Adviser is so

requested to make such a determination not more than 21 days after the date on which the relevant circumstance arises and if the adjustment would result in a reduction to the Conversion Price.

- (b) Notwithstanding the foregoing provisions, where the events or circumstances giving rise to any adjustment pursuant to this Condition 9.2 have already resulted or will result in an adjustment to the Conversion Price or where the events or circumstances giving rise to any adjustment arise by virtue of any other events or circumstances which have already given or will give rise to an adjustment to the Conversion Price or where more than one event which gives rise to an adjustment to the Conversion Price occurs within such a short period of time that, in the opinion of the Issuer, a modification to the operation of the adjustment provisions is required to give the Intended result, such modification shall be made to the operation of the adjustment provisions as may be advised by an Independent Financial Adviser to be in its opinion appropriate to give the intended result.
- (c) For the purpose of any calculation of the consideration receivable or price pursuant to Conditions 9.2(a)(iv), (vi), (vii) and (viii), the following provisions shall apply:
 - (i) the aggregate consideration receivable or price for Ordinary Shares issued for cash shall be the amount of such cash;
 - (ii) (x) the aggregate consideration receivable or price for Ordinary Shares to be issued or otherwise made available upon the conversion or exchange of any Securities shall be deemed to be the consideration or price received or receivable for any such Securities and (y) the aggregate consideration receivable or price for Ordinary Shares to be issued or otherwise made available upon the exercise of rights of subscription attached to any Securities or upon the exercise of any options, warrants or rights shall be deemed to be that part (which may be the whole) of the consideration or price received or receivable for such Securities or, as the case may be, for such options, warrants or rights which are attributed by the Issuer to such rights of subscription or, as the case may be, such options, warrants or rights or, if no part of such consideration or price is so attributed, the Fair Market Value of such rights of subscription or, as the case may be, such options, warrants or rights as at the date of the first public announcement of the terms of issue of such Securities or, as the case may be, such options, warrants or rights, plus in the case of each of (x) and (y) above, the additional minimum consideration receivable or price (if any) upon the conversion or exchange of such Securities, or upon the exercise of such rights or subscription attached thereto or, as the case may be, upon exercise of such options, warrants or rights and (z) the consideration receivable or price per Ordinary Share upon the conversion or exchange of, or upon the exercise of such rights of subscription attached to, such Securities or, as the case may be, upon the exercise of such options, warrants or rights shall be the aggregate consideration or price referred to in (x) or (y) above (as the case may be) divided by the number of

Ordinary Shares to be issued upon such conversion or exchange or exercise at the initial conversion, exchange or subscription price or rate;

- (iii) If the consideration or price determined pursuant to (i) or (ii) above (or any component thereof) shall be expressed in a currency other than the Relevant Currency, it shall be converted into the Relevant Currency at the Prevailing Rate on the date of the first public announcement of the terms of issue of such Ordinary Shares or, as the case may be, Securities; and
- (iv) In determining the consideration or price pursuant to the above, no deduction shall be made for any commissions or fees (howsoever described) or any expenses paid or incurred for any underwriting, placing or management of the issue of the relevant Ordinary Shares or Securities or options, warrants or rights, or otherwise in connection therewith.

9.3 **Retroactive Adjustments**

If the Registration Date in relation to the conversion of any Bond shall be after the record date in respect of any consolidation, reclassification or sub-division as is mentioned in Condition 9.2(a)(i), or after the record date or other due date for the establishment of entitlement for any such issue, distribution, grant or offer (as the case may be) as is mentioned in Condition 9.2(a)(ii), (iii) (iv), (v) or (ix), or after the date of the first public announcement of the terms of any such issue or grant as is mentioned in Condition 9.2(a)(vi) and (vii), or after the date of the first public announcement of the terms of any such modification as is mentioned in paragraph 9.2(a)(viii) above, in circumstances where the relevant Conversion Date falls before the relevant adjustment (if any) to the Conversion Price becomes effective under Condition 9.2 (such adjustment, a "Retroactive Adjustment"), then the Issuer shall (conditional upon the relevant adjustment becoming effective) procure that there shall be issued or transferred and delivered to the converting Bondholder, in accordance with the instructions contained in the Conversion Notice, such additional number of Ordinary Shares (if any) (the "Additional Ordinary Shares") as, together with the Ordinary Shares issued or to be transferred and delivered on conversion of the relevant Bond (together with any fraction of an Ordinary Share not so issued or transferred and delivered), is equal to the number of Ordinary Shares which would have been required to be issued or transferred and delivered on conversion of such Bond if the relevant adjustment to the Conversion Price had been made and become effective immediately prior to the relevant Conversion Date; provided that in the case of a Retroactive Adjustment arising in respect of any such consolidation, the number of Ordinary Shares to be transferred and delivered to the relevant holder shall be reduced to that number of Ordinary Shares which would have been required to be issued or transferred and delivered on conversion of such Bond if the relevant adjustment to the Conversion Price had been made and become effective immediately prior to the relevant Conversion Date.

9.4 Calculation Agent, Decision of an Independent Financial Adviser/ Calculation of Calculation Agent

Adjustments to the Conversion Price shall be calculated and determined upon request from the Issuer by the Calculation Agent and/or, to the extent so specified in these Terms and Conditions, and upon request from the Issuer in good faith by an Independent Financial Adviser. Adjustments to the Conversion Price calculated by the Calculation Agent or, where applicable, an Independent Financial Adviser and any other determinations made by the Calculation Agent or, where applicable, an Independent Financial Adviser, pursuant to these Terms and Conditions or an opinion of an Independent Financial Adviser shall in each case be made in good faith and shall be final and binding (in the absence of manifest error or fraud) on the Issuer, the Trustee, the Bondholders, the Paying Agent, Transfer Agent and Conversion Agent and (in the case of a determination by an Independent Financial Adviser) the Calculation Agent. The Calculation Agent may consult, at the expense of the Issuer, on any matter (including, but not limited to, any legal matter), any legal or other professional adviser and it shall be able to rely upon, and it shall not be liable and shall incur no liability as against the Trustee, the Bondholders, the Paying Agent, Transfer Agent and Conversion Agent in respect of anything done, or omitted to be done, relating to that matter in good faith in accordance with that adviser's opinion.

The Calculation Agent shall act solely upon the request from, and exclusively as agent of, the Issuer. Neither the Calculation Agent (acting in such capacity) nor any Independent Financial Adviser appointed in connection with the Bonds (acting in such capacity) will thereby assume any obligations towards or relationship of agency or trust with, and shall not be liable and shall incur no liability in respect of anything done, or omitted to be done in good faith, in accordance with these Terms and Conditions as against the Trustee, the Bondholders, the Paying Agent, Transfer Agent and Conversion Agent.

If any doubt shall arise as to whether an adjustment fails to be made to the Conversion Price or as to the appropriate adjustment to the Conversion Price, and following consultation between the Issuer and an Independent Financial Adviser, a written opinion of such Independent Financial Adviser in respect thereof shall be conclusive and binding on all parties, save in the case of manifest error.

9.5 Share or Option Schemes

No adjustment will be made to the Conversion Price where Ordinary Shares or other Securities (including rights, warrants and options) are issued, offered, exercised, allotted, appropriated, modified or granted to, or for the benefit of, employees or former employees (including directors of the Issuer holding or formerly holding executive office or the personal service company of any such person) or their spouses or relatives, in each case, of the Issuer or any of its Subsidiaries or any associated company or to a trustee or trustees to be held for the benefit of any such person, in any such case pursuant to any share or option scheme.

9.6

Rounding Down and Notice of Adjustment of Conversion Price

- (a) On any adjustment, the resultant Conversion Price, if not an integral multiple of ZAR 0.0001, shall be rounded down to the nearest whole multiple of ZAR 0.0001. No adjustment shall be made to the Conversion Price where such adjustment (rounded down if applicable) would be less than one per cent of the Conversion Price then in effect. Any adjustment not required to be made and/or any amount by which the Conversion Price has been rounded down, shall be carried forward and taken into account in any subsequent adjustment, and such subsequent adjustment shall be made on the basis that the adjustment not required to be made had been made at the relevant time and/or, as the case may be, that the relevant rounding down had not been made.
- (b) Notice of any adjustments to the Conversion Price shall be given by the Issuer to Bondholders in accordance with Condition 19 and to the Trustee promptly after the determination thereof.
- (c) The Conversion Price shall not be reduced below the level at which Ordinary Shares may lawfully be issued fully paid upon the exercise of Conversion Rights, and the Issuer undertakes that it will take no action that would otherwise result in the Conversion Price being reduced below such level.

9.7

Change of Control

- (a) Within 14 (fourteen) days after the Issuer has become aware of a Change of Control, the Issuer shall give notice thereof to the Trustee and to the Bondholders in accordance with Condition 18 (a "Change of Control Notice"). Such notice shall contain a statement informing Bondholders of their entitlement to exercise their Conversion Rights as provided in these Terms and Conditions and their entitlement to exercise their rights to require redemption of their Bonds pursuant to Condition 10.4.
- (b) The Change of Control Notice shall also specify:
 - (i) all information material to Bondholders concerning the Change of Control;
 - (ii) the Conversion Price immediately prior to the occurrence of the Change of Control and the Conversion Price applicable pursuant to Condition 9.2(b)(x) above during the Change of Control Period on the basis of the Conversion Price in effect immediately prior to the occurrence of the Change of Control;
 - (iii) the Closing Price of the Ordinary Shares as derived from the Relevant Stock Exchange as at the latest practicable date prior to the publication of the Change of Control Notice;
 - (iv) the last day of the Change of Control Period;
 - (v) the Change of Control Put Date; and
 - (vi) such other information relating to the Change of Control as the Trustee may reasonably require.

- (c) The Trustee shall not be required to monitor or take any steps to ascertain whether a Change of Control or any event which could lead to a Change of Control has occurred or may occur and will not be responsible or liable to Bondholders or any other person for any loss arising from any failure by it to do so.

9.8 Procedure for exercise of Conversion Rights

- (a) Conversion Rights may be exercised by a Bondholder during the Conversion Period by delivering the Certificate, if any, in respect of relevant Bond to the Specified Office of the Conversion Agent, during its usual business hours, accompanied by a duly completed and signed notice of conversion (a "Conversion Notice") in the form (for the time being current) obtainable from the Conversion Agent. Conversion Rights shall be exercised subject in each case to any applicable fiscal or other laws or regulations applicable in the jurisdiction in which the Specified Office of the Conversion Agent to whom the relevant Conversion Notice is delivered is located.
- (b) If such delivery is made after the end of normal business hours or on a day which is not a Business Day in the place of the Specified Office of the Conversion Agent, such delivery shall be deemed for all purposes of these Terms and Conditions to have been made on the next following Business Day.
- (c) Conversion Rights may only be exercised in respect of a whole Bond. Where Conversion Rights are exercised in respect of some only of the Bonds represented by a single Certificate, the old Certificate shall be cancelled and a new Certificate for the balance thereof shall be issued in lieu thereof without charge but upon payment by the holder of any Taxes, duties and other governmental charges payable in connection therewith in the place of the Specified Office of the Transfer Agent, and the Transfer Agent will within seven Business Days following the relevant Conversion Date, deliver such new Certificate to the Bondholder at the Specified Office of the Transfer Agent or (at the risk and, if mailed (at the request of the Bondholder) otherwise than by ordinary mail, at the expense of the Bondholder) mail a new Certificate by uninsured mail to such address as the Bondholder may request.
- (d) A Conversion Notice, once delivered, shall be irrevocable.
- (e) The conversion date in respect of a Bond (the "Conversion Date") shall be the Business Day immediately following the date of the delivery of the Certificate, if any, in respect of the Bonds and the Conversion Notice, and (if applicable) the making of any payment to be made as provided in Condition 9.8(f) below.
- (f) A Bondholder exercising a Conversion Right must pay directly to the relevant authorities any Taxes that may be payable arising on conversion and redemption of a Bond and capital, stamp, issue and registration and transfer Taxes and duties arising on conversion of a Bond; provided that the Issuer shall be liable for any stamp duties, issue and registration and transfer Taxes and duties payable in South Africa in respect of the issue or transfer and delivery of any Ordinary Shares on such conversion (including any Additional Ordinary Shares). Such Bondholder must also pay all, if any, Taxes arising by reference to any disposal or deemed disposal of a

Bond or interest therein in connection with such conversion. The Trustee shall not be responsible for determining whether such Taxes or capital, stamp, issue and registration and transfer Taxes and duties are payable or the amount thereof and it shall not be responsible or liable for any failure by the Issuer to pay such Taxes or capital, stamp, issue and registration and transfer Taxes and duties.

- (g) Ordinary Shares to be issued on exercise of Conversion Rights will be issued in uncertificated form through the securities trading system operated by Strate Proprietary Limited ("Strate"), or any successor licensed clearance and settlement facility (applicable to the Ordinary Shares) of Strate.
- (h) The Issuer will procure the delivery of the Ordinary Shares to the Strate account specified by the relevant Bondholder in the relevant Conversion Notice as soon as possible and in any event within 15 (fifteen) Business Days after the relevant Conversion Date (or, in the case of any Additional Ordinary Shares, not later than 15 (fifteen) Business Days following the Reference Date).
- (i) In addition, a Bondholder exercising Conversion Rights for delivery into Strate will be required to certify, represent and agree in the relevant Conversion Notice either:
 - (i) that such Bondholder is not a resident of South Africa within the meaning of the Exchange Control Regulations 1961 (as may be amended from time to time) of South Africa promulgated under the Currency and Exchanges Act, 1933 (as amended) of South Africa and that all exchange control approvals required under Applicable Laws of South Africa in connection with the exercise of Conversion Rights by such Bondholder and the issue or transfer of Ordinary Shares to such Bondholder upon such exercise have been obtained and are in full force and effect; or
 - (ii) that no exchange control approvals are required under Applicable Laws of South Africa in connection with the exercise of such Conversion Rights by such Bondholder and the issue or transfer of Ordinary Shares to such Bondholder upon such exercise,

and shall be required to provide evidence reasonably satisfactory to the Issuer as to the applicability of (i) or (ii), as the case may be. The Issuer will (if applicable) procure that Ordinary Shares delivered through Strate are flagged "*Non Resident*" for the purposes of South African exchange control laws and regulations.

9.9 Ranking

- (a) Ordinary Shares (or any Additional Ordinary Shares) issued or transferred and delivered upon conversion of the Bonds will be fully paid and will in all respects rank *pari passu* with the fully paid Ordinary Shares in issue on the relevant Registration Date, except in any such case for any right excluded by mandatory provisions of Applicable Law and except that such Ordinary Shares or, as the case may be, Additional Ordinary Shares will not rank for (or, as the case may be, the relevant holder shall not be entitled to receive) any rights, distributions or payments, the

record date or other due date for the establishment of entitlement for which falls prior to the relevant Registration Date.

If the record date or other due date for establishment or entitlement for the payment of any dividend or other distribution in respect of the Ordinary Shares (or, as the case may be, any Additional Ordinary Shares) to be issued on conversion of the Bonds is on or after the Conversion Date in respect of any Bond (or, as the case may be, the Reference Date in respect of any Additional Ordinary Shares) but before the Registration Date (other than and to the extent that it results in any adjustment (retroactive or otherwise) to the number of Ordinary Shares to which a converting Bondholder is entitled under Condition 9.2(a)), the Issuer will pay to the Bondholder who has exercised his Conversion Right in lieu of such dividend or distribution an amount in ZAR (the "Equivalent Amount") equal to any such dividend or other distribution to which such Bondholder would have been entitled had he on that record date or other due date for establishment of entitlement been such a shareholder of record of such Ordinary Shares (or Additional Ordinary Shares) on that date and will make the relevant payment to the relevant Bondholder at the same time that it makes payment of the dividend or other distribution.

- (b) Save as provided in Condition 9.10, no payment or adjustment shall be made on conversion for any interest which otherwise would have accrued on the relevant Bonds since the last Interest Payment Date preceding the Conversion Date relating to such Bonds.

9.10 Interest on Conversion

If any notice requiring the redemption of any Bonds is given pursuant to Condition 10.2 on or after the 15th Business Day prior to a record date falling after the last Interest Payment Date (or in the case of the first Interest Period, the Issue Date) (whether such notice is given before, on or after such record date) in respect of any Dividend or distribution payable in respect of the Ordinary Shares where such notice specifies a date for redemption falling on or prior to the date which is 14 (fourteen) days after the Interest Payment Date next following such record date, interest shall accrue on Bonds in respect of which Conversion Rights shall have been exercised and in respect of which the Conversion Date falls after such record date and on or prior to the Interest Payment Date next following such record date in respect of such Dividend or distribution, in each case from and including the preceding Interest Payment Date (or, if such Conversion Date falls before the first Interest Payment Date, from the Issue Date) to but excluding such Conversion Date. The Issuer shall pay any such interest or procure that any such interest is paid by not later than 14 (fourteen) days after the relevant Conversion Date by Rand cheque drawn on, or by transfer to, a Rand account maintained with a bank in Johannesburg in accordance with instructions given by the relevant Bondholder in the relevant Conversion Notice.

9.11 Purchase or Redemption of Ordinary Shares

The Issuer or any Subsidiary of the Issuer may exercise such rights as it may from time to time enjoy to purchase or redeem or buy back any shares of the Issuer (including Ordinary

Shares) or any depositary or other receipts or certificates representing the same without the consent of the Bondholders.

9.12 No Duty to Monitor

Neither the Trustee nor the Calculation Agent shall be under any duty to monitor whether any event or circumstance has happened or exists which may require an adjustment to be made to the Conversion Price and neither of them will be responsible or liable to the Bondholders for any loss arising from any failure by it to do so, nor shall the Trustee nor the Calculation Agent be responsible or liable to any person (other than in the case of the Calculation Agent, to the Issuer strictly in accordance with the relevant provisions of the Calculation Agency Agreement) for any determination of whether or not an adjustment to the Conversion Price is required or should be made nor as to the determination or calculation of any such adjustment.

9.13 Consolidation, Amalgamation or Merger

In the case of any consolidation, amalgamation or merger of the Issuer with any other company (other than a consolidation, amalgamation or merger in which the Issuer is the continuing company), or in the case of any sale or transfer of all or, in the opinion of an Independent Financial Adviser, the greater part of the assets of the Issuer, the Issuer will forthwith give notice thereof to the Trustee and to the Bondholders in accordance with Condition 18 of such event and take such steps as shall be required by the Trustee (including the execution of a deed supplemental to or amending the Trust Deed) to ensure that each Bond then outstanding will (during the period in which Conversion Rights may be exercised) be convertible into the class and amount of shares and other securities and property receivable upon such consolidation, amalgamation, merger, sale or transfer by a holder of the number of Ordinary Shares which would have become liable to be issued or transferred and delivered upon exercise of Conversion Rights immediately prior to such consolidation, amalgamation, merger, sale or transfer. The above provisions of this Condition 9.13 will apply, *mutatis mutandis* to any subsequent consolidations, amalgamations, mergers, sales of transfers.

9.14 Cash Settlement

Each of the persons reflected in the records of the Central Securities Depository or the relevant Participants, as the case may be, as the holders of Beneficial Interests shall look solely to the Central Securities Depository or the relevant Participant, as the case may be, for such person's share of each payment so made by the Issuer to, or for the order of, the registered holder of the Bond held in uncertificated form. The Issuer will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, Beneficial Interests, or for maintaining, supervising or reviewing any records relating to such Beneficial Interests. Payments of interest and principal in respect of Bonds held in the Central Securities Depository in uncertificated form shall be recorded by the Central Securities Depository in accordance with the Applicable Procedures, distinguishing between interest and principal, and such record of payments by the registered holder of the Bonds shall be *prima facie* proof of such payments. Payments of interest and principal in respect of Bonds represented by Certificates shall be made to the person reflected as the registered holder of the Certificate in the Register on the Record Date.
- 11.1.2 The Issuer shall pay the interest and principal payable in respect of each Bond, in immediately available and freely transferable funds, in Rand by electronic funds transfer, to the bank account of the Bondholder as set forth in the Register at 17h00 (South African time) on the Record Date preceding the relevant Interest Payment Date or Redemption Date, as the case may be, or, in the case of joint Bondholders, the account of that one of them who is first named in the Register in respect of that Bond. If several persons are entered into the Register as joint Bondholders, then without affecting the previous provisions of this condition, payment to any one of them of any moneys payable on or in respect of the Bond shall be an effective and complete discharge by the Issuer of the amount so paid, notwithstanding any notice (express or otherwise) which the Issuer may have of the right, title, interest or claim of any other person to or in any Bond or interest therein.
- 11.1.3 If the Issuer is prevented or restricted directly or indirectly from making any payment by electronic funds transfer in accordance with the preceding paragraph (whether by reason of strike, lockout, fire, explosion, floods, riot, war, accident, act of God, embargo, legislation, shortage of or breakdown in facilities, civil commotion, unrest or disturbances, cessation of labour, government interference or control or any other cause or contingency beyond the control of the Issuer) such inability shall not constitute an Event of Default and the Issuer shall give notice to the Bondholders within 3 Business Days of such inability arising. Upon receipt of such notice any Bondholder

may request the Issuer in writing to make payment of any such amounts by way of cheque (or by such number of cheques as may be required in accordance with applicable banking law and practice). Such notice shall specify the address of the payee entitled to payment in respect of the Bond, and if the Bondholder so desires, a request to make such cheque available for collection during business hours by a Bondholder or its duly authorised representative at the registered office of the Issuer.

11.1.4 All moneys so payable by cheque shall, save if the Bondholder requests that the cheque be made available for collection as set out above (unless such cheque is not so collected within 2 Business Days of being made available for collection), be sent by post within 2 Business Days of the receipt by the Issuer of the notice from a Bondholder referred to in the preceding paragraph to:

11.1.4.1 the address of that Bondholder as set forth in the Register at 17h00 (South African time) on the relevant Record Date; or

11.1.4.2 in the case of joint Bondholders, the address set forth in the Register of that one of them who is first named in the Register in respect of that Bond.

The Issuer shall not be responsible for any loss in transmission of cheques posted in terms of this Condition 11.1 and the postal authorities shall be deemed to be the agent of the Bondholders for the purposes of all cheques posted in terms of this Condition 11.1.

11.1.5 Only Bondholders, or, in the case of joint Bondholders, the one of them who is first named in the Register in respect of that Bond, reflected in the Register at 17h00 (South African time) on the relevant Record Date will be entitled to payments of interest and/or principal in respect of Bonds.

11.1.6 Payments will be subject in all cases to any Taxation or other laws, directives and regulations applicable to such payment in the place of payment without prejudice to Condition 12. Payments will be subject in all cases to any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof ("FATCA") or any law implementing an intergovernmental approach to FATCA.

11.2.1 On or before the Last Day to Trade prior to any Redemption Date, the holder of a Certificate, in respect of a Bond to be redeemed (in part or in whole, as the case may be) shall deliver to the Transfer Agent the Certificates to be redeemed. This will enable

the Transfer Agent to endorse the partial redemption thereon or, in the case of final redemption, to cancel the relevant Certificates.

11.2.2 Should the holder of a Certificate refuse or fail to surrender the Certificate for endorsement or cancellation on or before a Redemption Date, the amount payable to him in respect of such redemption, including any accrued unpaid interest, shall be retained by the Issuer for such Bondholder, at the latter's risk, until the Bondholder surrenders the necessary Certificate, and interest shall cease to accrue to such Bondholder from the Redemption Date in respect of the amount redeemed.

11.2.3 Documents required to be presented and/or surrendered to the Transfer Agent in accordance with these Terms and Conditions will be so presented and/or surrendered at the Specified Office of the Transfer Agent.

11.2.4 In the case of the Bonds held in uncertificated form in the Central Securities Depository, redemptions in part will be handled in accordance with the Applicable Procedures.

11.3 **Payment Date**

Notwithstanding anything to the contrary contained in these Terms and Conditions, if the date for payment of any amount payable in respect of any Bond is not a Business Day, then such date for payment shall be the following Business Day. The Bondholder shall not be entitled to further interest or other payment in respect of such delayed payment.

11.4 **Calculation and notice of principal payments**

The Calculation Agent will calculate the aggregate amount of principal due and payable by the Issuer for each Bond on each date that payment of principal is due and payable. The Issuer will, at least 2 Business Days before each such date, cause such aggregate amount of principal to be notified to the Bondholders (in the manner set out in Condition 18), the JSE (if the Bonds are listed), and the Issuer.

12. **Taxation**

12.1 All payments (whether in respect of principal, interest or otherwise) in respect of the Bonds will be made without withholding or deduction for or on account of any Taxes, unless such withholding or deduction is required by Applicable Law.

12.2 If any such withholding or deduction is required by Applicable Law in respect of Taxes imposed or levied on any payments (whether in respect of principal, interest or otherwise) in respect of any Bonds, the Issuer will, subject to the Issuer's rights to redeem such Bonds in terms of Condition 10.3, make such payments after such withholding or deduction has been made and will account to the relevant authorities for the amount so required to be withheld or deducted. The Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the Bondholders after such withholding or deduction shall

equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Bonds, as the case may be, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Bond:

- 12.2.1 held by or on behalf of a Bondholder, who is liable for such Taxes in respect of such Bond by reason it is having some connection with South Africa other than the mere holding of such Bond or the receipt of principal or interest in respect thereof; or
- 12.2.2 held by or on behalf of a Bondholder which would not be liable or subject to the withholding or deduction by complying with any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- 12.2.3 where such withholding or deduction is in respect of Taxes levied or imposed on interest or principal payments only by virtue of the inclusion of such payments in the Taxable Income or Taxable Gains (each as defined below) of any Bondholder; or
- 12.2.4 where (in the case of any payment of principal or interest which is conditional on surrender of the relevant Certificate in accordance with these Terms and Conditions) the relevant Certificate is surrendered for payment more than 30 days after the Relevant Date except to the extent that the relevant Bondholder would have been entitled to an additional amount on presenting the Certificate for payment on such thirtieth day; or
- 12.2.5 if such withholding or deduction arises through the exercise by revenue authorities of special powers in respect of Tax defaulters.
- 12.3 Where a withholding or deduction is in respect of Taxes levied or imposed, the exclusions in Condition 12.2 will only apply if the Bonds have been (even if they no longer remain) admitted to listing and trading on the JSE main board (provided that such admission to listing and trading affords an exemption from any requirement to withhold or deduct in respect of any Taxes).
- 12.4 Where a withholding or deduction is in respect of Taxes levied or imposed, the exclusions in Condition 12.2 will only apply for so long as the Bonds are admitted to listing and trading on the JSE main board.
- 12.5 Notwithstanding any other provision of these Terms and Conditions, in no event will the Issuer be required to pay any additional amounts in respect of the Bonds for, or on account of, any withholding or deduction required pursuant to FATCA (including pursuant to any agreement described in Section 1471(b) of the Code) or any law implementing an intergovernmental approach to FATCA.

- 14.1.3 not modify the rights attaching to the Ordinary Shares with respect to voting, dividends or liquidation nor issue any other class of equity share capital carrying any rights which are more favourable than the rights attaching to the Ordinary Shares but so that nothing in this Condition 14.1.3 shall prevent:

provided that, without prejudice to the other provisions of these Terms and Conditions, the Issuer may exercise such rights as it may from time to time be entitled pursuant to Applicable Law to purchase, redeem or buy back its Ordinary Shares and any

USE OF PROCEEDS

Capitalised terms used in this section headed “Use of Proceeds” shall bear the meanings as used in the Terms and Conditions of the Bonds, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

The Issuer announced its intention to use the net proceeds from the issue of the 2022 Convertible Bonds (collectively the Bonds and the US\$250 million convertible bonds issued by the Issuer due 7 June 2022) to refinance amounts outstanding under the 2018 Convertible Bonds (being the ZAR2 672 million five year convertible bonds issued by the Issuer due 21 February 2018 (“**2018 ZAR Convertible Bonds**”) and the US\$200 million five year convertible bonds issued by the Issuer due 21 February 2018 (“**2018 US\$ Convertible Bonds**”), thereby significantly enhancing the Issuer’s short-to-medium term liquidity in line with its strategy to maintain a strong financial position.

Concurrent with the offerings of the 2022 Convertible Bonds, the Issuer therefore launched an offer to purchase for cash (the “**Tender Offer**”):

- all or any of the outstanding 2018 US\$ Convertible Bonds; and
- all or any of the outstanding 2018 ZAR Convertible Bonds.

Prior to the Tender Offer, the full principal amount of the 2018 Convertible Bonds was US\$200 million and ZAR2 672 million. The proceeds of the 2022 Convertible Bond offerings were utilised in the repurchase of ZAR2 429 million 2018 ZAR Convertible Bonds and US\$170 million Convertible Bonds. A total of US\$30 million 2018 US\$ Convertible Bonds remain in issue and listed on the Frankfurt Stock Exchange and a total of ZAR243 million 2018 ZAR Convertible Bonds remain in issue and listed on the JSE. The residual proceeds from the 2022 Convertible Bond issue will be used to fund Implats’ intended redemption of the outstanding 2018 Convertible Bonds in February 2018 and otherwise for general corporate purposes.

DESCRIPTION OF THE ISSUER

Capitalised terms used in this section headed “Description of the Issuer” shall bear the meanings as used in the Terms and Conditions of the Bonds, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

Introduction

The Group is one of the world’s largest producers of platinum group metals (“PGMs”).

Description and nature of business

The Group is involved in the business of mining, refining and marketing PGMs, as well as nickel, copper and cobalt; and produces approximately one quarter of the world’s primary supply of platinum.

The Group’s mining interests are found on the two most significant known PGM-bearing orebodies in the world: i) the Bushveld Complex in South Africa where its Impala Platinum Limited (“**Impala**”), Marula Platinum Proprietary Limited, Afplats Proprietary Limited and Two Rivers Platinum Proprietary Limited operations are located; and ii) the Great Dyke in Zimbabwe where the operations of Zimplats Holdings Limited and Mimosa Investments Limited are located. The Group’s mining operations are principally underground operations focusing in the main on relatively narrow mineralised horizons with specific mining methods adapted to suit the local geology and morphology of the mineralised horizons.

The Group has a total of five mining operations constituting 22 shafts, four smelters and a refinery (for base metals and precious metals). The Group has a two-pronged operational structure: mine-to-market operations, and Impala Refining Services Limited. Impala Refining Services Limited provides smelting and refining services through off-take agreements with Group companies (except Impala) and third parties’ off-take and toll-treatment agreements.

Prospects

Aligned with the forecasts for strong global demand for PGMs, which is supported by growing vehicle sales, tightening emission standards and the growing unsustainable use of palladium in automotive catalytic systems, the Group expects fundamental market deficits to persist. This, coupled with reduced above-ground stock liquidity, is expected to result in healthier future supply/demand fundamentals. However, the Group expects near-term metal prices to remain muted given persistent global political and economic factors impacting investor sentiment.

Despite a more positive market outlook, the southern African mining regulatory environment is characterised by policy uncertainty. In addition, the operating environment in South Africa remains challenging, in particular at the more labour-intensive mines where safety challenges and community disruptions continue to impede optimum performance.

Within this environment, Implats will continue to prioritise measures to achieve the Group’s safe production goals (zero harm), preserve cash, enhance productivity and increase profitability.

These operations comprise 13 shafts, five of which have underground decline systems. Two new shafts, to replace depleting shafts, are currently under development. At full production these new shafts will contribute in excess of 300 000 ounces of platinum per annum. • Mineral Processes, comprising the concentrator and smelting plants, is also located on the Impala lease area. Here, mined ore is converted into smelter matte prior to refining. • Refineries, including both base metal and precious metal refineries, are located in Springs, east of Johannesburg.

Risk Management

The Issuer identifies its strategic business objectives, and its material sustainability focus areas, through its structured internal risk management process, and with consideration to the views and interests of its identified stakeholders. The Issuer's risk management process is wholly aligned with ISO 31 000; the international risk management standard.

The Issuer's risk management process is intended to achieve an appropriate balance between minimising the risks associated with any business activity and maximising the potential reward. Effective risk management enables management to deal with uncertainty and associated threats and opportunities, enhancing the Issuer's capacity to build value. The Issuer utilises the same, consistent risk methodology for every type of impact across the business as it believes separate risk methodologies would not support the object of embedding and maintaining an intelligent risk culture.

The Issuer's material strategic risks are as follows:

No.	Description of risk	Mitigating strategy
1	<p>Depressed PGM basket prices</p> <p>The rand: US dollar exchange rate materially impacts revenues for the basket of PGMs and base metals produced and the volatility of the exchange rate is a risk. Furthermore, the current weakness in the dollar PGM basket price remains a concern and is unsustainable in the medium to long term. Factors driving this include: uncertain global macro-economics; reduced economic growth in China affecting jewellery demand; and a lower diesel market share in Western Europe.</p>	<p>The Issuer's understanding of the future demand for its products, and corresponding industry supply-side profile. Scanning the environment for technological advances that may affect the demand for the Issuer's products (substitution) and instituting appropriate responses where possible.</p>
2	<p>Non-delivery of production and productivity targets at Impala Rustenburg</p> <p>Short-term challenges include: ramping up to full production; achieving completion of the mining cycle; optimising the establishment of face length in new mining areas; and ensuring increased productivity.</p>	<p>Undertaking of an assisted operational optimisation and productivity enhancement programme concentrating on constraint removal and root cause analysis to improve mining efficiencies</p> <p>The use of new technology to reduce the time taken to open up the ore reserve in a timeous fashion</p> <p>Development of a specialist mining services contractor strategy to improve schedule efficiencies for the provision of face length.</p> <p>Integrating the closure of older shafts</p>

		<p>with the resourcing of ramp up operations.</p> <p>Supervisor and management capability assessment and coaching programme.</p>
3	<p>A deterioration in safety performance</p> <p>Safety is a priority for the Issuer's leadership. There has been a decrease in the number of fatalities in the operations of the Issuer compared to the year ended June 2016, but any fatality is an unacceptable risk for the business.</p>	<p>Strong strategic commitment to improve the safety culture, driven through initiatives relating to people behaviour.</p>
4	<p>Disruption of operations due to community unrest at Marula</p> <p>Operational performance has been severely disrupted by community protest action for much of the recent financial year. This is directly related to community dissatisfaction with the management of the Makgomo Chrome project by the selected community representatives.</p>	<p>Constant engagement with community forums, including eliciting the support of the regional offices of the DMR with a view to enhancing transparency of the distribution of the Chrome profits into the communities.</p>
5	<p>Policy risk arising from change in legislation in South Africa</p> <p>The recent gazetting of the new Mining Charter without in-depth consultation with industry</p>	<p>The Chamber of Mines has lodged an application for an Urgent Interdict, seeking an order prohibiting the DMR from implementing or applying the 2017 Charter, pending the outcome of an application for a Judicial Review of the 2017.</p>
6	<p>Excessive taxation and levies at Zimbabwean operations</p> <p>There is an exposure to high taxation as a result of the unique Zimplats taxation, particularly the special mining lease. There are multiple and sometimes conflicting interpretations of this tax legislation resulting in tax risk. Moreover, the 15% export levy on un-beneficiated platinum has only been deferred to 1 January 2018.</p>	<p>Ensuring compliance through external tax audits and the use of specialist tax advisory services. Strong commitment to tax training and awareness, resolution of historical tax matters and the tax risk management framework.</p> <p>Lobbying the Government of Zimbabwe on the impact on the mining operations of increased taxes.</p>
7	<p>Failure to progress beneficiation in Zimbabwe</p> <p>The imposition of the 15% export levy on</p>	<p>Engage with the Government of Zimbabwe to enhance the understanding of the negative impact on the operations</p>

	the value of platinum contained in Mimosa's concentrate; the potential for the Government of Zimbabwe to dictate that the Issuer's operations refine the products through other third parties who have committed to build refining assets in Zimbabwe	and the country of building new capacity when capacity exists elsewhere. Keep abreast of third party refinery development activities and initiate appropriate responses to the Government; regular engagement with the Government and third parties on the technical merits of alternative refining processes.
8	Unavailability of secure and reliable power at Zimplats Unavailability of reliable and secure power from Zimbabwe Electricity Supply Authority ("ZESA") to meet the Zimbabwean operational requirements, or alternatively failure to ensure a stable power supply to operations, both on a short-term and long-term basis, compounded by seasonal low water levels and insecurity of Kariba dam wall. As described in the section of this Listing Document headed “*Documents Incorporated by Reference*”, a copy of the Trust Deed is available for inspection by Bondholders at the Specified Office of the Issuer and the Debt Sponsor.

SETTLEMENT, CLEARING AND TRANSFERS

Euroclear Bank S.A./N.V., as operator of the Euroclear System and Clearstream Banking société anonyme will settle offshore transfers through their South African Participant.

Settlement and clearing

Bonds issued in uncertificated form

Bonds issued in uncertificated form will not be represented by any certificate or written instrument.

All transactions in uncertificated securities as contemplated in the Financial Markets Act will be cleared and settled in accordance with the Applicable Procedures. All the provisions relating to Beneficial Interests in the Bonds held in the Central Securities Depository will apply to Bonds issued in uncertificated form.

Beneficial Interests

The Central Securities Depository will hold the Bonds issued in uncertificated form, subject to the Financial Markets Act and the Applicable Procedures. The Bonds issued in uncertificated form, will be registered in the name of the Central Securities Depository’s Nominee, and the Central Securities Depository’s Nominee will be named in the Register as the sole Bondholder of such Bonds.

Accordingly, and except where the contrary is provided in the Terms and Conditions, all amounts to be paid and all rights to be exercised in respect of the Bonds held in uncertificated form, will be paid to and may be exercised only by the Central Securities Depository's Nominee for the holders of Beneficial Interests in such Bonds.

The Central Securities Depository maintains central securities accounts only for Participants.

The Participants are in turn required to maintain securities accounts for their clients. The clients of Participants may include the holders of Beneficial Interests in the Bonds or their custodians. The clients of Participants, as the holders of Beneficial Interests or as custodians for such holders, may exercise their rights in respect of the Bonds held by them in the Central Securities Depository only through their Participants.

In relation to each person shown in the records of the Central Securities Depository or the relevant Participant, as the case may be, as the holder of Beneficial Interests in a particular Principal Amount of Bonds, a certificate or other document issued by the Central Securities Depository or the relevant Participant, as the case may be, as to the Principal Amount of such Bonds standing to the account of such person shall be *prima facie* proof of such Beneficial Interests.

Payments of interest and principal in respect of Bonds held in uncertificated form, and registered in the name of the Central Securities Depository's Nominee, will be made in accordance with the Terms and Conditions to the Central Securities Depository's Nominee, or such other registered holder of the uncertificated Bonds as shown in the Register, and the Issuer will be discharged by proper payment to or to the order of the registered holder of the Certificate in respect of each amount so paid. The registered holder of such uncertificated Bonds will in turn transfer such funds, via the Participants, to the holders of Beneficial Interests.

Each of the persons shown in the records of the Central Securities Depository and the relevant Participant, as the case may be, as the holders of Beneficial Interests will look solely to the Central Securities Depository's Nominee or the relevant Participant, as the case may be, for such person's share of such payment so made by the Issuer to, or to the order of, the registered holder of such Bonds.

The Issuer will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, Beneficial Interests, or for maintaining, supervising or reviewing any records relating to such Beneficial Interests.

Transfers and exchanges

Transfers of Beneficial Interests in the Central Securities Depository to and from clients of the Participants occur by electronic book entry in the central securities accounts of the clients of the Participants. Transfers among Participants of Bonds held in the Central Securities Depository system occur through electronic book entry in the Participants' central security accounts with the Central Securities Depository. Beneficial Interests may be transferred only in accordance with the Conditions and the rules and operating procedures for the time being of the Central Securities Depository, Participants and the JSE.

The Issuer shall regard the Register as the conclusive record of title to the Bonds.

Beneficial Interests may be exchanged for Bonds represented by the Certificates in accordance with Condition 15.1.

SOUTH AFRICAN TAXATION

Capitalised terms used in this section headed “South African Taxation” shall bear the meanings as used in the Terms and Conditions of the Bonds, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

The comments below are intended as a general guide to the relevant tax laws of South Africa as at the date of this Listing Document. The contents of this section headed “South African Taxation” do not constitute tax advice and do not purport to describe all of the considerations that may be relevant to a prospective subscriber for or purchaser of any Bonds. Prospective subscribers for or purchasers of any Bonds should consult their professional advisers in this regard.

Securities Transfer Tax

No Securities Transfer Tax is payable on the issue or transfer of Bonds under the Securities Transfer Tax Act, 25 of 2007, as they do not constitute securities for the purposes of the Securities Transfer Tax Act, 25 of 2007.

Value-Added Tax

No Value Added Tax (“VAT”) is payable on the issue or transfer of Bonds. The Bonds constitute “*debt securities*” as defined in section 2(2)(iii) of the Value-Added Tax Act, 89 of 1991 (“VAT Act”). The issue, allotment, drawing, acceptance, endorsement or transfer of ownership of a debt security is a financial service, which is exempt from VAT in terms of section 12(a) of that VAT Act.

Commissions, fees or similar charges raised for the facilitation of these services will however be subject to VAT at the standard rate (currently 14 percent), except where the recipient is a non-resident as contemplated below.

Services (including exempt financial services) rendered to non-residents who are not in South Africa when the services are rendered, are subject to VAT at the zero rate in terms of section 11(2)(1) of the VAT Act.

Income Tax

Under current taxation law effective in South Africa, a “*resident*” (as defined in section 1 of the Income Tax Act, 58 of 1962 (“**Income Tax Act**”)) is subject to income tax on his/her worldwide income. Accordingly, all Bondholders who are “*residents*” of South Africa will generally be liable to pay income tax, subject to any available deductions, allowances and exemptions, on any interest earned pursuant to the Bonds. Non-residents of South Africa are subject to income tax on all income derived from a South African source (subject to domestic exemptions or relief in terms of an applicable double taxation treaty).

Interest income is from a South African source if that amount:

- (a) is attributable to an amount incurred by a person that is a resident, unless the interest is attributable to a permanent establishment which is situated outside of South Africa; or
- (b) is received or accrues in respect of the utilisation or application in South Africa by any person of any funds or credit obtained in terms of any form of interest-bearing arrangement.

Accordingly, the interest paid to the Bondholders will be from a South African source and subject to South African income tax unless such income is exempt under section 10(1)(h) of the Income Tax Act (see below).

Under section 10(1)(h) of the Income Tax Act interest received by or accruing to a Bondholder who, or which, is not a resident of South Africa during any year of assessment is exempt from income tax, unless that person:

- (a) is a natural person who was physically present in South Africa for a period exceeding 183 days in aggregate during the twelve month period preceding the date on which the interest is received by, or accrues to, that person; or
- (b) the debt from which the interest arises is effectively connected to a permanent establishment of that person in South Africa.

If a Bondholder does not qualify for the exemption under section 10(1)(h) of the Income Tax Act, exemption from, or reduction of any South African income tax liability may be available under an applicable double taxation treaty.

Purchasers of any Bonds are advised to consult their own professional advisers as to whether the interest income earned on the Bonds will be exempt under section 10(1)(h) of the Income Tax.

Under section 24J of the Income Tax Act, any discount or premium to the Nominal Amount of a Bond is treated as part of the interest income on the Bond. Section 24J of the Income Tax Act deems interest income to accrue to a Bondholder on a day-to-day basis until that Bondholder disposes of the Bond or until maturity unless an election has been made by the Bondholder (if the Bondholder is entitled under section 24J(9) of the Income Tax Act to make such election) to treat its Bonds on a mark-to-market basis. This day-to-day basis accrual is determined by calculating the yield to maturity and applying it to the capital involved for the relevant tax period. Interest as defined in section 24J of the Income Tax Act (including the premium or discount) may qualify for the exemption under section 10(1) (h) of the Income Tax Act.

The tax treatment of “hybrid debt instruments” may differ from the section 24J treatment noted above.

To the extent the disposal of the Bond gives rise to a gain or a loss, the normal principles are to be applied in determining whether such gain or loss should be subject to income tax in terms of the Income Tax Act. The conversion of the Bond will constitute a disposal for purposes of the Income Tax Act. Purchasers of the Bonds are advised to consult their own professional advisers as to the tax consequences of such a disposal.

Capital Gains Tax

Capital gains and losses of residents of South Africa on the disposal of Bonds are subject to capital gains tax. Any discount or premium on acquisition which has already been treated as interest for income tax purposes, under section 24J of the Income Tax Act will not be taken into account when determining any capital gain or loss. Under section 24J(4A) of the Income Tax Act a loss on disposal will, to the extent that it has previously been included in taxable income (as interest), be allowed as a deduction from the taxable income of the holder when it is incurred and accordingly will not give rise to a capital loss.

Capital gains tax under the Eighth Schedule to the Income Tax Act will not be levied in relation to Bonds disposed of by a person who is not a resident of South Africa unless the Bonds disposed of are attributable to a permanent establishment of that person.

Purchasers of the Bonds are advised to consult their own professional advisers as to whether a disposal of Bonds will result in a liability to capital gains tax.

Withholding Tax

Under current taxation law in South Africa, all payments made under the Bonds to resident Bondholders will be made free of withholding or deduction for or on account of any taxes, duties, assessments or governmental charges in South Africa. Withholding tax is applicable to South African sourced interest payments to foreign persons at a rate of 15%, subject to reduction in terms of an applicable double taxation treaty and subject to certain exemptions.

One of the exemptions from withholding tax on interest is if the foreign person –

- (a) is a natural person who was physically present in South Africa for a period exceeding 183 days in aggregate during the twelve month period preceding the date on which the interest is paid; or
- (b) the debt claim in respect of which that interest is paid is effectively connected with a permanent establishment of that foreign person in South Africa if that foreign person is registered as a taxpayer in terms of the Tax Administration Act, 28 of 2011.

Another exemption from withholding tax on interest is for interest that is paid to a foreign person in respect of any listed debt. In terms of the legislation, a “*listed debt*” is a debt that is listed on a recognised exchange as defined in the Income Tax Act, which includes JSE Limited.

Foreign persons are ordinarily subject to normal South African income tax on the interest sourced in South Africa unless exempted under section 10(1) (h) of the Income Tax Act. Please refer to the section on Income Tax above.

Definition of Interest

The references to “*interest*” above mean “*interest*” as understood in South African tax law. The statements above do not take account of any different definitions of “*interest*” or “*principal*” which may prevail under any other law or which may be created by the *Terms and Conditions of the Bonds* or any related documentation.

EXCHANGE CONTROL

Capitalised terms used in this section headed “Exchange Control” shall bear the meanings as used in the Terms and Conditions of the Bonds, except to the extent that they are separately defined in this section or this is clearly inappropriate from the context.

The comments below are intended as a general guide to the current position under the Exchange Control Regulations (“Regulations”), and are not a comprehensive statement of the Regulations. The information below is not intended as advice and it does not purport to describe all of the considerations that may be relevant to a prospective subscriber for, or purchaser of any Bonds. Prospective subscribers for, or purchasers of any Bonds who are non-South African residents or who are emigrants from the Common Monetary Area are urged to seek further professional advice in regard to the subscription for, or purchase of any Bonds.

Non-South African Resident Bondholders and Emigrants from the Common Monetary Area

Dealings in the Bonds and the performance by the Issuer of its obligations under the Bonds may be subject to the Regulations.

Blocked Rand

Blocked Rand may be used for the subscription for or purchase of Bonds. Any amounts payable by the Issuer in respect of the Bonds subscribed for or purchased with Blocked Rand may not, in terms of the Regulations, be remitted out of South Africa or paid into any non-South African bank account.

Emigrants from the Common Monetary Area

Any individual Certificates issued to Bondholders who are emigrants from the Common Monetary Area will be endorsed “emigrant”. Such restrictively endorsed individual Certificates will be deposited with an authorised foreign exchange dealer controlling such emigrant’s blocked assets.

In the event that Beneficial Interests in Bonds are held by an emigrant from the Common Monetary Area through the Central Securities Depository and its relevant Participants, the securities account of such emigrant will be designated as an “emigrant” account.

Any payments of interest and/or principal due to an emigrant Bondholder will be deposited into such emigrant’s Blocked Rand account, as maintained by an authorised foreign exchange dealer. The amounts are not freely transferable from the Common Monetary Area and may only be dealt with in terms of the Regulations.

Non-residents of the Common Monetary Area

Any individual Certificates issued to Bondholders who are not resident in the Common Monetary Area will be endorsed “non-resident”. In the event that Beneficial Interests in Bonds are held by a non-resident of the Common Monetary Area through the Central Securities

Depository and its relevant Participants, the securities account of such Bondholder will be designated as a “non-resident” account.

It will be incumbent on any such non-resident to instruct the non-resident’s nominated or authorised dealer in foreign exchange as to how any funds due to such non-resident in respect of Bonds are to be dealt with. Such funds may, in terms of the Regulations, be remitted abroad only if the relevant Bonds are acquired with foreign currency introduced into South Africa and provided that the relevant Certificate or securities account is designated “non-resident”.

South African Reserve Bank approval in relation to the listing of the Bonds in terms of this Listing Document was obtained on Thursday, 6 July 2017.

For the purposes of these paragraphs:

The **Common Monetary Area** comprises South Africa, the Republic of Namibia, the Kingdom of Lesotho and the Kingdom of Swaziland; and

Blocked Rand means funds which may not be remitted out of South Africa or paid into a non-South African resident’s bank account. The relevant legislation relating to Blocked Rand is the Regulations promulgated under the Currency and Exchanges Act, 9 of 1933.
