FURTHER UPDATE ON THE 11 SHAFT ACCIDENT

(Statement 7 of 7 issued by Implats following the Impala Rustenburg 11 Shaft accident on 27 November 2023. Visit our [website](#) for previous statements)

Johannesburg, 4 December 2023 – Impala Platinum Holdings Limited (Implats) reports, with deep sorrow and regret, that an employee who was hospitalised following the accident at Impala Rustenburg’s 11 Shaft on 27 November 2023, succumbed to his injuries and passed away yesterday, Sunday, 3 December 2023. Implats has offered its condolences to and remains in close contact with his family. Yesterday’s fatality brings to 13 the number of employees who have passed on following the 11 Shaft accident.

As of this morning, a total of 23 employees have been discharged from hospital. Of the 50 employees who remain in hospital, eight are in critical care.

In collaboration with the families of affected employees, Implats has set aside Wednesday, 6 December 2023 as a day of remembrance for our employees, who have all been impacted by this tragic event. A memorial service will be held at Impala Rustenburg to allow for our employees to come together to honour the memory of our lost, injured and affected colleagues.

In line with the wishes of the families involved, Implats will only release the names of our deceased colleagues on the day of the memorial service.

Implats will continue to provide further updates as and when new information becomes available.

Ends

About Implats

Impala Platinum Holding Limited (Implats) is a leading, fully integrated platinum group metals (PGMs) producer. Implats is structured around seven mining operations and Impala Refining Services, a toll-refining business. The Group's mining operations are located on the Bushveld Complex in South Africa, the Great Dyke in Zimbabwe — the two most significant PGM-bearing ore bodies in the world — and the Canadian Shield. Our mining operations include Impala Rustenburg, Impala Bafokeng, Marula, Two Rivers, Zimplats, Mimosa and Impala Canada.
