

Environmental Policy Statement

Impala Platinum Holdings Limited (Implats) is a leading producer of platinum and associated metals for world markets. We are committed to running our exploration, mining, processing and refining operations in a responsible manner to minimise impacts on the environment and to ensure the well-being of our stakeholders including the surrounding community and our employees.

To achieve world-class environmental performance in a sustainable manner we are committed to:

- Integrating environmental management into all aspects of our business, including the entire product life cycle.
- Complying with all applicable legislation and other requirements to which our organisation subscribes.
- Practising responsible stewardship by adopting world-class standards across the group.
- Proactively identifying and managing significant environmental aspects in order to:
 - minimise emissions to atmosphere;
 - minimise the release of effluent;
 - optimise resource consumption;
 - mitigate our impact on climate change;
 - minimise waste;
 - rehabilitate disturbed land and protect environmental biodiversity; and
 - protect cultural heritage resources.
- Ensuring environmental awareness and appropriate competency among our employees and promoting environmental awareness in the community.
- Engaging with all interested and affected parties towards the shared goal of improving the environment.
- Setting objectives and, where possible, quantitative targets, to determine continual improvement in environmental performance and the prevention of pollution.
- This policy and associated objectives and targets will be regularly reviewed to ensure that they adequately reflect our commitment to continually improving our environmental management systems and performance.

David Brown
